LUCCA

Bold in design and colour, Lucca provides a contemporary take on traditional terrazzo tiles. The 6 field products are available in White, Grey, Graphite, Blue, Green, and Pink with each colourway showcasing the look of embedded fragments. Tutti Frutti is more playful in its appearance with pastel colours taking centre stage. Lucca also includes décor products which play into the trend for geometric patterning, with Diamond, Triangle, and Square variations available.

Note: Due to the manufacturing process of all floor tiles there may be small variations in slip resistance. Given this, please refer to our website for the most up-to-date information. The slip resistance properties of a surface can only be maintained with the implementation of an effective regular cleaning and maintenance regime. The frequency of cleaning should be determined by the property manager based on the potential level of surface contaminants. The need for an additional regular cleaning and maintenance regime is further heightened when tiles are used for external floor and wet barefoot applications. PTV (4S): Pendulum Test Value - Slider 96. PTV (TRL): Pendulum Test Value - Slider 55. R Value (DIN 51130). Wet Ramp (DIN 51097). PEI: Porcelain Enamel Institute.
