

OFFICE INNOVATIONS BEESTON

City Building, Carrington Street in Beeston recently saw an overhaul in its look. The bathroom areas and stairways were refreshed with our Form range which offers bold, glossy colours with a bevelled edge to add a structured dimension. Featured in the stairways were Winter, a crisp white, and Azure, a clear royal blue. In the bathroom areas, Fixed with a herringbone pattern, Form Thyme creates a dynamic contrast to the rectangular fixtures and fittings.
