KERASTAR

11 SIZES

43 COLOURS

4 FINISHES

Developed specifically for the commercial interiors market, Kerastar features an impressive 43 colours, spanning the entire spectrum. Choose from architecturally inspired tones of Linen and Ivory or try bolder shades of Mustard and Siena for an injection of primary colour. Or, mix and match for a design scheme that showcases creative freedom.

This un-glazed porcelain collection is versatile in its offering, with 11 sizes from dynamic small-formats of 100x100mm and 150x75mm up to minimalistic large-formats of 890x890mm and 1190x600mm, along with stylish Hexagons for added visual interest. Combine commercial elegance and high slip resistance with the Textured Rocktop, Triface and Suretread Hexagon structures, all achieving a PTV slip resistance rating of 36+ in both dry and wet areas.

Fittings within this range include battiscopa and cove skirtings along with steptreads, making Kerastar the ideal flooring solution for commercial specifications.

Bronze Natural || 90x600x10.5mm - KER537
Night Natural || 90x600x10.5mm - KER508

Sustainability Information

Range	Material	EPD	Recycled Content of the Tiles	Recycled Content of the Packaging	Recyclable Content of the Packaging
Kerastar	Un-glazed Porcelain [Bla]	Yes	Up to 40%	Up to 100% (Boxes)	Up to 100%

Note: Due to the manufacturing process of all floor tiles there may be small variations in slip resistance. Given this, please refer to our website for the most up-to-date information. The slip resistance properties of a surface can only be maintained with the implementation of an effective regular cleaning and maintenance regime. The frequency of cleaning should be determined by the property manager based on the potential level of surface contaminants. The need for an additional regular cleaning and maintenance regime is further heightened when tiles are used for external floor and wet barefoot applications.

Due to the highly profiled surface of the Dots and Lines Tactile structures, we are unable to carry out a pendulum test. Please contact our technical helpline for specification and installation advice. All un-glazed porcelain [Bla] products shown in this sample tile wallet conform to BS EN 14411. CSV: Colour Shade Variation. PTV (4S): Pendulum Test Value - Slider 96. PTV (TRL): Pendulum Test Value - Slider 55. R Value (DIN 51130). Wet Ramp (DIN 51097). PEI: Porcelain Enamel Institute.

For a full overview of our environmental credentials please visit www.johnson-tiles.com/about/sustainability. EPD: Environmental Product Declaration.

Important Information

During the manufacturing process of ceramic and porcelain tiles, some variation in shade and pattern can occur. Before fixing any tiles; several boxes should be opened and their contents mixed to ensure that size, colour, shade and patterning are acceptable. The tiles shown are quality products and conform to the physical properties listed. For a comprehensive colour, size and finish overview along with full technical and sustainability information for all of the product shown in this product presenter, please visit our website - www.johnson-tiles.com.

- All sizes shown are metric modular.
- For specific suitability details please contact our technical department.
- Johnson Tiles cannot accept responsibility for tiles that have been fixed.
- Every effort has been made to ensure the accuracy of the information given.
- Johnson Tiles reserves the right to change specification and availability information without prior notice.
- Nothing in these statements does/will affect the statutory rights of the consumer.

© Johnson Tiles, Johnson, Absolute and Material Lab are registered trademarks and together with Kerastar and product names are the trademarks of H&R Johnson Tiles Limited and licensed to Norcros Group (Holdings) Limited trading as Johnson Tiles. © 2022 Johnson Tiles. All rights reserved.

All product technical values quoted in this product presenter are supported by laboratory testing from our own and independent ceramic test houses. Johnson Tiles are British Standard registered and all products conform to the standards set in BS EN 14411.

For the reassurance of single-source supply, Johnson Tiles offers a free of charge NBS M40 specification writing service featuring the Norcros Adhesives range of tile fixing products. To find out more or for any questions or queries relating to any tile related technical information featured in this product presenter, please contact our technical advice helpline on +44 (0)1782 524111 or email ddunlop@johnson-tiles.com

The colours shown in this sample tile wallet and attached booklet are as accurate as printing processes will allow. Please refer to actual product samples before specifying. Every effort has been made to ensure the accuracy of the information given.
