GIVING YOU EVEN MORE REASONS TO CHOOSE JOHNSON TILES

Need tiles for an upcoming UK project? With our extensive supplies and fast, nation-wide delivery, we can support. Our factory in Stoke-on-Trent is strategically-located to supply a wide portfolio of tiles designed for commercial, residential and retail markets. For over 100 years, we have developed a proven track record as market leaders in the UK tile industry.

MADE IN THE UK

67% of our global product offering is made in our state-of-the-art UK facility.

LOCALLY-SOURCED

All raw materials used in our ceramic tile production process are locally-sourced from within the UK.

ASSURED SUPPLY

We have invested £20 million+ in wall and floor tile stock to ensure continuity of supply for customers.

DISTINCTIVE DESIGNS

All products are designed for global commercial, residential & retail markets.

RECYCLED CONTENT

Our UK-made products contain up to 17% recycled ceramic waste materials.

SUSTAINABLE PACKAGING

As part of our new environmental initiative, we are removing single use plastics from the packaging of our UK manufactured products.
